- **THIS IS BARROW**

*Seventies • Deep Red Tones • Vertical • Outdoor • Strong*

Barrow is made from reclaimed hardwoods from Kalimantan. It's our first line suitable for outdoor spaces. Yep, Barrow can take a hit or two from Mother Earth. Those who do use it for the outdoors will be awarded a beautiful silver-gray colour. In a word: weathered.

- **THE WOOD**

If we come across an old house that has obviously been abandoned, we contact the owner. A price for the scrap wood is arranged and the house – or what's left of is sold to us. After this it's up to us to dismantle the derelict building, select the Kalimantan hardwood and give it a second life on the walls of someone else's house, restaurant, bar or hotel.

## MISSION

To create joyous panelling from salvaged woods  
that enriches surfaces and enhances your interior.  
We strive for the highest quality to produce  
panelling that will last a lifetime.

## HOW

We scour the land for woods that can be salvaged  
and upcycled, giving discarded timber a second  
lease on life. Typically, we'll turn a weathered girder  
into a striking collection of unique wall tiles.  
It's a reincarnation of sorts.

## WHY

We love wood and working with craftspeople.  
We love salvaging woods, breathing new life  
into something old, worn and weathered.  
We love exploration and travel. We love design and  
having fun with like-minded souls.  
That's why we do what we do the way we do it.
