- THIS IS JAGGER

*Railroad Sleeper • Heavy • Strong Reclaimed • Red Brown Hues*

These are vintage railroad sleepers hewn by innumerable thundering locomotives. Jagger is a panel of intense warmth, richness and substance. It is dark and heavy, literally – Jagger doesn't float. The percussive heritage of the panel continues to beat out its vibrant, timeless rhythm.

- THE WOOD

There's a lot of railroad in India. Ever wondered what happens to the sleepers once replaced? We asked that question too, and the answer led us to salvaging – and saving - the redundant sleepers. Decades of thundering diesel trains hammered these pieces of timber giving them an intense and rich colour. Loads of character and very, very robust.

## MISSION

To create joyous panelling from salvaged woods that enriches surfaces and enhances your interior.

We strive for the highest quality to produce panelling that will last a lifetime.

## HOW

We scour the land for woods that can be salvaged and upcycled, giving discarded timber a second lease on life. Typically, we'll turn a weathered girder into a striking collection of unique wall tiles.

It's a reincarnation of sorts.

## WHY

We love wood and working with craftspeople.

We love salvaging woods, breathing new life into something old, worn and weathered.

We love exploration and travel. We love design and having fun with like-minded souls.

That's why we do what we do the way we do it.
