WONDERWALL STUDIOS

- THIS IS LEAF

Natural Brown • Black Veins • Luxury • Elegance

We call it natural mid-century glamour. A tad more elegance is added. We kept the design contemporary with sharp lines and geometrical shapes, still keeping the great handmade quality typical of Wonderwall Studios though.

In the Ukraine we are working with a family-owned and -run workshop of six experienced craftsmen. They work with bog oak and walnut and are creating some beautiful and unique pieces. The degree of love for the work on display here will make your heart explode.

MISSION

To create joyous panelling from salvaged woods that enriches surfaces and enhances your interior.

We strive for the highest quality to produce panelling that will last a lifetime.

HOW

We scour the land for woods that can be salvaged and upcycled, giving discarded timber a second lease on life. Typically, we'll turn a weathered girder into a striking collection of unique wall tiles.

It's a reincarnation of sorts.

WHY

We love wood and working with craftspeople.

We love salvaging woods, breathing new life into something old, worn and weathered.

We love exploration and travel. We love design and having fun with like-minded souls.

That's why we do what we do the way we do it.
