DARK WETLANDS BROODY AGED

THE BOG OAK COLLECTION

Our bog oak is central European oak that has been buried in peat bog for hundreds and in some cases thousands of years. The bog saturates and soaks the wood, the acids and minerals enrich and give colour. Dramatic black, grey and brown tones.

A very exclusive wood type that receives premium treatment and craftsmanship.

LEDGER

Dark and broody best describes this beauty. The variations in colour and layers add depth and playfulness.

A monochromatic palette of deep browns and blacks. Colour gradients and book matching make Ledger a true premium collection.

THE BOG OAK COLLECTION

CLUE

Elegant and luxuriant are the two words that best describe this latest addition to our burgeoning collection.

Clue is sanded and polished ultra-smooth, its lines and shapes sharp and sleek. Colour selected and book matched where needed.

THE BOG OAK COLLECTION

SAGE

Richly textured and beautifully coloured with dark shades of brown and intense black.

Each piece is whittled and chiselled by our craftsmen. Variations are a mark of the hand. Long and slender panels highlight its elegance.

THE BOG OAK COLLECTION

HUES FLAMED PURPLE RED BROWN

THE WALNUT COLLECTION

Our walnut collection boasts two walnut varieties, to wit: American walnut from Slovakia and Ukrainian walnut from where it derives its name. Sapwood, overstock and pruned branches. It's all there.

The American walnut with its red and purple hues. Where tones vary between lighter sapwood and darker heartwood. And Ukrainian walnut with its brown tones and dramatic black streaks in the grain.

BLADES

Blades is crafted from Ukrainian walnut
and a seductive stunner.

The evenly cut triangles give this panel a sharp and
strong look. The unevenly inlaid triangular pieces
cast small shadows and create depth,
bringing melody to the harmony.

THE WALNUT COLLECTION

FLOAT

Geometric design yet still playful enough
not to be too stern. Made from Ukrainian walnut.

Nice dark tones and dark brown streaks.
A straighter grain in walnut adds an extra dimension
to this beauty.

THE WALNUT COLLECTION

LEAF

Leaf is hand-made from Ukrainian walnut.
The placement of a thin bog oak lining as a border
is a true sign of the highest craftsmanship.

It'll keep a low profile in any space; yet offer just
the right amount of luxury and style.

The classic argyle pattern gives it some rhythm.

THE WALNUT COLLECTION

CREST

Made from American walnut. Crest has clean, elegant lines without becoming too formal. A kite shaped tile with a wink to the seventies.

Lighter sapwood complements darker heartwood. Subtle reliefs offer a great addition to any interior.

THE WALNUT COLLECTION

NOTES

Notes is made from American walnut sourced in Slovakia. The masonry layout gives the whole a pleasant, visual rhythm.

The purple hues and solid thick wood tiles give Notes certain self-confidence. A natural beauty.

THE WALNUT COLLECTION

CREAMY MARBLE PINK YIELD

THE OLIVE WOOD COLLECTION

We source in Calabria, Italy. We carefully select the olive wood from pruned trees and century-old, felled trees that have stopped yielding fruit.

Wood from the olive tree is a hard wood and has a splendid grain. The core of the trunk is a creamy-brown colour, with dark or black streaks. Pink hues give it an almost marble-like appearance. The colour deepens with age.

WAVES

Made from the creamy-coloured core of the trunk and branches of olive trees. Geometric design yet still playful enough not to be too stern.

It has a sophisticated colour palette of pink hues and beautiful liquid grains.

THE OLIVE WOOD COLLECTION

GRAIN SALVAGED HARDWOOD BELOVED

THE TEAK WOOD COLLECTION

We source our reclaimed teak in Indonesia.
A much-beloved tropical hard wood we find in the pillars of
derelict houses and as root wood on plantations.

The teak comes in various stages of erosion;
some much weathered, others not so.
Some characterised by a flame grain, others by
more organic and erratic water markings.

SILVER

A re-imagined art deco classic made of teak from derelict houses. The hand-carved representations of the natural world combined with clear lines for contrast will fit any space and any project like a satin glove.

THE TEAK WOOD COLLECTION

MILES

Like Silver and Phoenix this stern beauty is made from teak sourced from derelict houses. The panels are designed in such a fashion making them very suitable for vertical placement.

A nice nod to the art deco designs of yore.

THE TEAK WOOD COLLECTION

PHOENIX

Patterns and organic design collide in this most avant-garde of panels. Conceived of furniture-grade hardwoods and embellished with traditional and patterned carvings.

This is reclaimed teak of the highest grade available.

THE TEAK WOOD COLLECTION

JAZZ

Jazz radiates rhythm. Consisting of various diamond shapes, it dances before your eyes.
Lines, points, triangles.

Rhythm.

Think Miles Davis in New York City in the forties,
playing bebop in some Harlem nightclub.
Fresh and exciting.

THE TEAK WOOD COLLECTION

WILLOW

The natural colouring of this teak root wood gives Willow a more serene and tranquil quality. The face-grain cut, and smaller tiles make for a quirkier yet rhythmic design.

THE TEAK WOOD COLLECTION

CAMEO

An elongated hexagon, Cameo is a real eye-catcher.
The teak root wood is known for its water markings
and ring-like grains.

In this case thoughts of reptilian scales are not far off.
The organic markings create an exciting dynamic.

THE TEAK WOOD COLLECTION

JUNGLE

Jungle is made from teak root wood.

It is end-grain cut. The root wood origin gives it its exceptional liquid grain texture, it stands out as a sharp pixelated framework. Premium, selected teak.

THE TEAK WOOD COLLECTION

COAST

Blessed with beautiful watermarks, Coast is truly a sight for sore eyes. Mother nature has left her marks making each square unique.

You'll never tire of looking at Coast.

THE TEAK WOOD COLLECTION

EROSION SCAVENGERY DEBRIS SECOND LIFE

THE MIXED SALVAGED COLLECTION

We happily buy wood that cabinetmakers and sawmill-owners reject because of small scars and/or cracks. To them these imperfections make a piece of wood unsuitable.

Whereas we love the idiosyncrasies and use them to the betterment of our collections. For this mixed bag we source in India and Indonesia.

Disused telegraph poles, girders, railroad sleepers, derelict houses, ... anything goes.

JAGGER

These are vintage rail sleepers from India hewn by innumerable thundering locomotives.

Jagger is a panel of intense warmth, richness and substance. The percussive heritage of the panel continues to beat out its vibrant, timeless rhythm.

THE MIXED SALVAGED COLLECTION

WHEELS

This is one of our signature panels.
It's a hardwood reclaimed from redundant
traditional building sources in Indonesia.

The weather really went to work on this one,
making it a diamond in the rough. Some great
craftsmanship complements the natural erosion.

THE MIXED SALVAGED COLLECTION

PARKER

Nice and tactile this one. Parker has a great weathered look. The tiles are slim and long, making for an elegant panel. Morse code lines accentuate the horizontal design.

THE MIXED SALVAGED COLLECTION

BARROW

Barrow is made from reclaimed Indonesian hardwoods.
A vertical design and inspired by the classic panelling
from sixties and seventies interiors.
The deeper tones and hues prevail.

THE MIXED SALVAGED COLLECTION

GALLON

For those that think big and love bold, we say:
Go for Gallon.

Scaled-up for impact, Gallon is a true heavyweight
force of nature in Wonderwall Studios' signature
hardwoods. Made from life-edge wood.
Teak, Suar and Benkirai.

THE MIXED SALVAGED COLLECTION

DAYS

Days takes on an unmistakably sculptural form.
Here the wood is both medium and subject.
Fragmented, re-interpreted and then finally
re-assembled by our artisans. Very suitable for
those smaller spaces that yearn for some love.

THE MIXED SALVAGED COLLECTION

TRAIN

Train drops the formalities in favour of raw texture and an open structure. Here the intense natural weathering and erosion of the wood provide a strikingly effective counterpoint to its design-led framework.

THE MIXED SALVAGED COLLECTION

LUDLOW

Ludlow is our outdoor version. Similar to Parker in design, the big difference is that it is made solely from the finest Kalimantan reclaimed hardwoods.

As such Ludlow can take a hit and handle any type of weather.

THE MIXED SALVAGED COLLECTION

MERCURY

Mercury panels represent a selective blend of new hardwoods. Crafted principally of surplus teak, predominantly sapwood, sourced from regional industries. The result is a modern texture, with a clean palette. The lightest coloured panel in our collection.
