# Vistafolia® Panels

The key component of Vistafolia®'s unique artificial wall solution is the Vistafolia® Panel, which is used to create the stunning vertical gardens.

UV-IFR Technology

Each panel measures 80 cm x 80 cm / 31.5" x 31.5"

Tested & Certified

Lightweight system of 7 kg / 15.5 pounds per panel

Quality Standard

Low Maintenance

Fully UV and Fire certified

Each basic pack contains 3 Panels

## The mark of quality

Every plant is stamped with a VG authenticity mark to help our customers avoid inferior imitations. Quite simply, Vistafolia® are setting the industry standard.

## Unique 3-Panel Solution

The Vistafolia® solution uses a unique three-panel system to create a totally natural look without repetition or visible joins.

## The future of artificial green walls is here

Vistafolia®'s lush artificial green wall system panels have been designed to create a beautiful green environment with a realistic effect even in the most inhospitable planting locations.

# ADD COLOUR AND TEXTURE

Simply slot the plants in to add a burst of vibrant colours and extra depth to your vistafolia panels and to give you the look and finish you desire.

Cascading greens blended with stunning blue lavender and blossoms.

A timeless combination of elegant pink flowers and earthy green plants.

Lovely mix of summer blossoms and grasses dotted with delicate white flowers

Bold red-flowering Pieris accompanied by lush green foliage.

# YOUR WALL YOUR WAY

Each box of additional foliage contains enough plants for around 10 panels and gives you the tools you need to create a truly bespoke finish.

A tumble of wild grasses and earthy ferns merged with green-fused and delicate flowers.

A selection of large 18" grasses, shades of green and burgundy.

Trailing ivy for a trailing finish that can be used to add volume, or even as a standalone plant for baskets and planters.

Trailing buxus for a trailing finish that looks at home on the panel, or adding an extra dimension to an indoor or outdoor display.
