

SURFACE WOW

**NATURAL SURFACES
WOW WALLS WITH A
NATURAL SURFACE**

**ENJOY SUSTAINABLE
MATERIALS BY
BRINGING NATURE
TO YOUR WALLS
AND SURFACES.**

THE VISUAL EXPERIENCE

Thanks to a gentle production process, the natural features of scent, color and feel are preserved. Nature lovers will recognize the processed raw material at first sight.

FEEL

Curiosity is stirred and we move our hands and fingers across a tactile surface to feel its nuances and the individual parts of plants – leaf, stem, bud & husk.

SMELL.

No artificial aromas or colors are added and so our Natural Surfaces smell according to their natural characteristics and help to improve the room atmosphere.

EXPERIENCE AND ENJOY:

People feel most comfortable in a natural environment. After all, humans perceive the world around them with all their senses. Close your eyes and enjoy the sensory experience.

ABOUT ORGANOID® NATURAL SURFACES

Natural materials are mixed with an ecological binding agent and then pressed together during a careful pressing process into a thin layer – which may be 0.1 to 3 mm thick depending on the raw materials used. As a matter of practice, the natural surfaces are not treated and are delivered in their original quality.

ORGANOID® surfaces are practically emissions-free and allergy tested. They are free from ecological or other health concerns in addition to being climate friendly and manufactured in a CO2-neutral process in Tyrol, Austria.

In order to meet the very high standards of water, scratch, light and abrasion resistance, our surfaces can be sealed with conventional oils and varnishes.

MAKE YOUR SPACES SPARKLE WITH ORGANOID® WALLPAPER ON FLAX BACKING OR SELF-ADHESIVE FILM!

HOME

Bring sustainability to your space and enjoy the sensory experience.

**DELIVERING NATURE TO
YOUR WALLS IN A SIMPLE
AND STYLISH WAY.**
