

## SONNENBLUMEN

Artikel Nr.

SBL0000080HPLST

**Upcycled black and white sunflower seed husks create an interesting effect on this surface. Their unique texture and contrasting colours make the surface a real eye-catcher. For unusual interior designs.**

- use of upcycled sunflower seed husks
- contrasting colours and an interesting texture
- a unique, highly recognisable surface

Black and white, upcycled sunflower seed husks in full, premium coverage on sturdy HPL. For almost all uses in interior design.

## Characteristics

<b>Raw material</b>	UPCYCLED SUNFLOWER SEED HUSKS
<b>Scent</b>	● ○ ○
<b>Light fastness</b>	● ● ●
<b>Abrasion resistance</b>	● ● ○
<b>Vibrancy</b>	● ● ○

## Technical details

<b>Backing</b>	HPL
<b>Format</b>	3.050 x 1.320 mm
<b>MOQ</b>	1 sheet ( 4.026 m <sup>2</sup> )
<b>Weight</b>	2 kg/m <sup>2</sup>
<b>Thickness</b>	3 mm
<b>Flexibility</b>	Bending radii up to 350 mm
<b>Translucency</b>	opaque

## Processing

### wood workers

Installation of Organoid natural surfaces on HPL engineered wood:

- Use like common HPL-panels, on many surfaces and constructions
- HPL-Platten am umlaufenden Rand ca. 2 cm besäumen – aufgrund von Materialauftragsdichte durch Streutechnik
- Cover the natural surface with the enclosed separating paper
- pressing temperature. 60°C
- For sensitive wood-working applications, use a counter-balance (enclosed on request)
- For cutting, use panel saws, table saws, hand-held circular saws, jigsaws, but also CNC-milling.
- Pre-trials recommended

To Installation
